About Enovix

Enovix develops and manufactures advanced lithium-ion batteries, including proprietary silicon-anode architectures for smartphones, smart eyewear, defense, industrial and emerging edge-AI applications. Its silicon-anode architecture enables higher energy density and performance in space-constrained devices while maintaining safety and reliability, supporting commercialization across consumer and industrial markets.

Enovix is headquartered in Silicon Valley with facilities in India, Korea and Malaysia, serving customers globally. For more information visit <https://enovix.com> and follow us on [LinkedIn](#).
